Secretary & Correspondent, CTE AMS

Webinar Convener
Dr. G. Indira,
Principal I/ C, CTE AMS

Webinar Director
Mrs. K.S. Vijayalakshmi
Faculty CTE AMS

Webinar Coordinator
Mrs. A. Kanya Kumari
Faculty CTE AMS

About Webinar:
Information and Communications Technology (ICT) is an extensional term for information technology (IT) that stresses the role of unified communications and the integration of telecommunications and computers as well as necessary enterprise software, middleware, storage and audiovisual systems, that enable users to access, store, transmit and manipulate information. ICT is an umbrella term that includes any communication device, encompassing radio, television, cell phones, computer and network hardware, satellite systems and so on, as well as the various services and appliances such as video conferencing and distance learning.

Application of ICT in Education is called Educational technology which is the study and ethical practice of facilitating learning and improving performance by creating, using and managing appropriate technological processes and resources. Educational technology is a field of study that investigates the process of analyzing, designing, developing, implementing and evaluating the instructional environment and learning materials in order to improve teaching and learning pedagogy. Developing gaming environment and digital story- telling which combine media for scripting, creating photo essays and video documentation received higher focus in the new education policy 2020.

It is in this context, a webinar on ICT & Educational Technology assumes importance. Subject experts in different fields of IT applications would deliberate on development of web based teaching- learning material, E- Learning, E- Pedagogy and Virtual laboratories.

Target Participants:
Government Teachers, Private Teachers, Trainee Teachers, Students and Research Scholars.
