About Webinar:

Commerce is the field of study in which topics relate to business, financial information/ transactions, trading of economic values, merchandising and accounting. In today's digital age, Commerce has been used in every field of technology and they have gradually started to migrate towards the Commerce field. Commerce as a stream is a gateway that leads the students towards various professional courses after completing Class 12 like Chartered Accountancy (CA), Company Secretary (CS), Cost and Management Accountant (CMA), Chartered Financial Analyst (CFA), Banking Sector, Teaching etc., are a few popular and professionally satisfying career options for Commerce professionals. The XIth standard students are permitted to enroll for CA foundation course and admissions will be regularized after XIIth class pass. Teaching methodology of any subject is important especially at school level that instills interest and enthusiasm in learning. The new education policy 2020 insists on play-way method of teaching by way of providing practical orientation and application of knowledge.

Lecture method of teaching ceased to impact students as it results in lowest level of student involvement. A teaching methodology that reaches the minds of all types of students with different levels of learning skills is the need of the day. In this webinar, stalwarts from Commerce field would enlighten the participants by unfolding various teaching techniques and fine-tuning the abilities of learners of Commerce subjects such as Accountancy, Business Economics, Case studies and Commerce lab approach of Teaching, Accounting through Tally package and Accounting for Decision Making etc.

Target Participants:

Government Teachers, Private Teachers, Trainee Teachers, Students and Research Scholars.

Mode of Delivery and Requirements:

The Webinar will be conducted as live interactive sessions using Google meet platform. Link will be shared one day before the Programme, through email.
